

DESCRIPTION

ETP120T PORTABLE TRACK PIN PRESS

ETP120T portable track pin pusher converts hydraulic energy into mechanical energy to implement disassembling and assembling tools for track pins of track excavators. Hand Pump (suitable for field operations), the electric pump (220V/380V) available for ETP120T portable track pin pusher.

- Safe and effective removal/installation of Track Pin
- Reduction in labour hours
- Cost effective
- Makes field operations easier
- Can customize according to customer's requirement
